WHAT IS THE NEW HOPE PROGRAM AND WHO IS IT FOR?

The New Hope School Group Program is designed to meet the needs of children, teens, and faculty who are coping with the loss of a family member, a fellow student, or with the death of a fellow staff member.

HOW DOES NEW HOPE HELP?

New Hope is a nationally recognized program, available to Delaware Hospice families and those in the community who have experienced the loss of a loved one.

The Program is designed to help children and young people, ages 6-17, to sort through the maze of emotions they experience before and after the loss of a loved one.

For the past 27 years, New Hope Counselors have provided support, counseling, and education to over 10,000 children and teens through a variety of workshops, support groups, individual counseling, and summer camp.

Additionally, New Hope offers education and consultation with community groups and other agencies.

The New Hope Program is provided free of charge thanks to the generosity of the local community.

How do I arrange a group for my school?
