

Make a difference.

The responsibility of caring for a loved one living with a life-limiting illness can be overwhelming for families.

Delaware Hospice is here to support patients and their families with medical, spiritual, and emotional support as they cope with serious illness. And it is our mission to serve the community regardless of anyone's ability to pay.

Patients and families need someone who can be a friend and companion who's always ready to listen. That's why Delaware Hospice needs volunteers like you.

If you enjoy talking with people and doing small tasks that you know truly help, consider volunteering to support our community by:

- Visiting with patients
- Working with children
- Coordinating event details
- Helping with office work
- Sharing the story of the special needs people face at the end of life

You'll make a difference in someone's life during their time of greatest need.

We'll give you the training you need. We also provide ongoing support and education. You'll be confident that you know the best ways to help others when they need it most.
